YOUR HELP IS NEEDED!

In an effort to keep the golf course in the best possible condition this summer, we would like to ask you to adhere to the following while on the course: keep carts in the fairway and avoid driving in the rough as much as possible. Keep carts on the cart path at all times on all par 3 holes. Your cooperation is greatly appreciated. Also, there are now sand bottles available for you to take on the course to fill your divots. These bottles are located in the container next to the tree on the first tee. We would like to encourage you to use these and return them to the Golf Shop at the completion of your round.
